on new
TECHNOLOGY

WHAT IS OTC ASIA?

OTC Asia is created under the same successful brand as the flagship OTC Houston, Arctic Technology and OTC Brasil.

The biennial Offshore Technology Conference Asia (OTC Asia) is where energy professionals meet to exchange ideas and opinions to advance scientific and technical knowledge for offshore resources and environmental matters.

Themed "Excellence in Asia", OTC Asia 2016 reflects the region's position as a global provider of technology where cultural and geographical diversity foster collaboration and innovation. OTC Asia 2016 will showcase Asia's achievements, its aspirations, and the important technological developments that the region needs to stay robust and resilient in the shifting global energy market.

WHY ATTEND?

OTC Asia represents the value chain of offshore oil and gas exploration and production.

Technical papers and special conference sessions will offer diverse viewpoints on technical and economic challenges.

An exhibition will feature the latest products and services from around the globe.

New conference components will educate the younger generation, offer guidance and networking opportunities for young engineers and award exceptional innovations / technological breakthroughs.
